

A338 improvements will start this Autumn

The next phase of the A338 road improvements will start in Autumn 2017.

They are being delivered as part of Dorset Local Enterprise Partnership's BIG Programme, a major economic growth plan aimed at improving connectivity, easing congestion, protecting existing jobs and creating new ones in and around Bournemouth Airport and Wessex Fields.

Specific works will include:

- improvements to the A338/B3073 Blackwater Junction
- a new on/off slip road providing access from the A338 southbound, to an employment site at Wessex Fields and an alternative route into the Royal Bournemouth Hospital
- a possible widening to the A338 between Blackwater and Cooper Dean

If you live, work or travel in this area you will be affected by the works.
